Fleetguard[®]

Specifications

We build the entire engine so no one is a better fit for your Cummins engine. We design the specifications for the full engine, not just a single component.

Genuine Parts

The hidden differences between Genuine and will-fit parts is often very difficult to detect, but can significantly impact the engine performance and quality of the service.

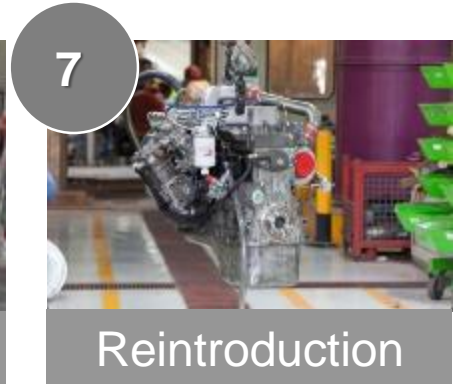

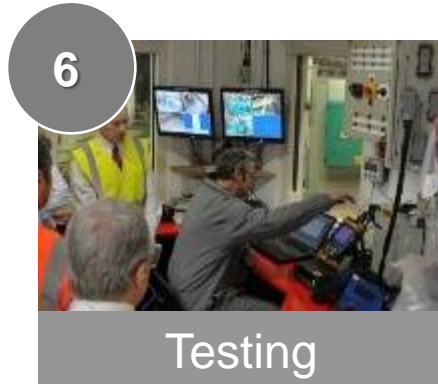

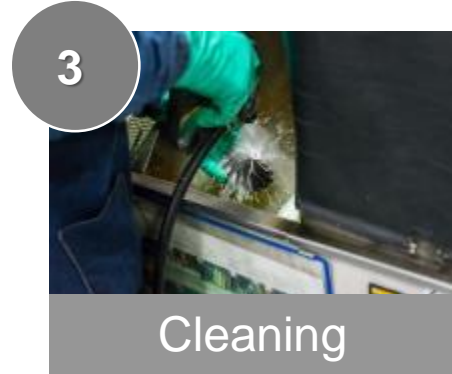

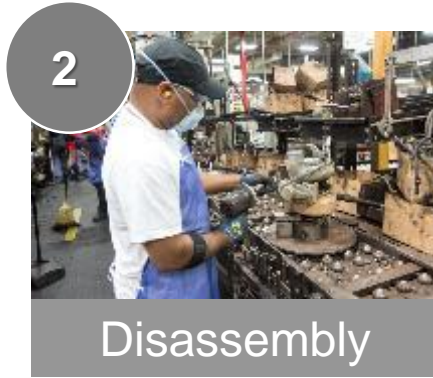

Service & Support

Through our extensive authorized distributor and dealer network, Cummins is committed to supporting the engine for the full life cycle.

Customers benefit from value of genuine reman products

Holset offers a full range of products to meet your Customer's needs
