IMPORTANT NOTE:

Various telemarketing firms with names like Corporate Booking Services Company (CBS International), Global Housing Services Corporation, National Travel Associates and others have contacted ADS attendees in the past to solicit hotel reservations for the ADS International Convention & Tradeshow. None of these companies are affiliated with ADS or the Wynn Las Vegas. They are not authorized to book rooms in the name of ADS. There is great risk in booking hotel rooms at the Wynn or other hotels outside of the ADS website link. At some recent shows in Las Vegas, attendees were contacted, made reservations and put deposits down through a similar agency. The agency went out of business prior to the show and all people with reservations made through the third party lost their deposits. In addition, they had no room reservations for that show. The only secure method of reserving ADS rooms at the negotiated rate is through the ADS link.

[Ford and Motorcraft change the oil recommendation for F-series diesel trucks](#)

"In a highly unusual move, Ford and Motorcraft are changing the motor oil specified for Ford diesel engines and warning the truck owners not to use the motor oil recommended by the American Petroleum Institute. Ford apparently found excessive engine wear while testing the motor oil in its 6.7-liter diesel engines and want owners to avoid it."

[Is It The End Of The Line For The Diesel Engine?](#)

"On the sidelines of the Geneva Motor Show was a burning (literally) issue that seemed to be on the forefront of every discussion group and every round table conference. Is this the beginning of the end of the popularity of the diesel engine?"

[Is Diesel Making A Comeback In The U.S.?](#)

"Who would have thought it? The Volkswagen Group diesel scandal broke in September 2015 and within a couple of months sales of all VW, Audi and Porsche diesel vehicles came to an end in the U.S."
