2017 Latin American Meeting May 14-18 Hotel Now Sapphire Riviera Cancun

As requested, we are returning to the Riviera Cancun!

At this event, recognized speakers in the diesel industry will provide an extensive view of the technological advances within our industry. We will hold the Exhibit Hall of Parts that gathers manufacturers and sellers of the diesel injection systems from several countries. Your participation is very important to us and we want to provide an experience for you to make your companies more profitable and competitive in today's market place!

NEW! Member Corner

Dear Friends & Colleagues, Chason Diesel Service, one of our service dealers in Garner, NC suffered a major fire on Saturday morning, March 11. The building is considered to be a total loss. One firefighter sustained minor injuries. A news story can be found [here](#).: The Hackneys said they will rebuild on the same site, "bigger, better & stronger". We want to help them get back up and running. They are going to have many expenses that will not be covered by insurance. A Go Fund Me site has been established by DEC for the benefit of Chason Diesel. [Here](#) is a link to that site. We would appreciate any help with a donation to assist in the rebuilding of their business. Please keep the Hackney family (Everett, Paulette, Kevin, Jason, Marisa) in your thoughts and prayers as they navigate through this difficult time. Thank you very much. Doug Russell Diesel Equipment Co.

2017 ADS International Convention & Tradeshow

Join ADS for the 2017 International Convention & Tradeshow August 8-11 at the Wynn Las Vegas. Network, learn & see what is happening in the diesel industry. This is the only show dedicated solely to the diesel industry.

[Preliminary Schedule](#)
[Registration](#)
[Hotel](#)
[More Information](#)

IMPORTANT NOTE:

Various telemarketing firms with names like Corporate Booking Services Company (CBS International), Global Housing Services Corporation, National Travel Associates and others have contacted ADS attendees in the past to solicit hotel reservations for the ADS International Convention & Tradeshow.

None of these companies are affiliated with ADS or the Wynn Las Vegas. They are not authorized to book rooms in the name of ADS. There is great risk in booking hotel rooms at the Wynn or other hotels outside of the ADS website link. At some recent shows in Las Vegas, attendees were contacted, made reservations and put deposits down through a similar agency. The agency went out of business prior to the show and all people with reservations made through the third party lost their deposits. In addition, they had no room reservations for that show. The only secure method of reserving ADS rooms at the negotiated rate is through the ADS link.

[New Process Squeezes Sulfur Out of Diesel Fuel](#)

"US researchers have developed a method to dramatically lower the sulfur content of fossil fuels. Sulfur-rich fuels produce sulfur dioxide when burnt that reacts with water to form harmful acid rain, so the new work could cut pollution."

[Diesel may not be running on fumes after all](#)

"Last year was a low point in choice, and the first full year without new products," Schaeffer says. "Diesel take-rate was its lowest in quite a while. But then it doubled by the end of the year."

[Diamond Green Diesel To Expand Renewable Fuel Capacity Using Ecofining Technology From Honeywell UOP](#)

"Honeywell UOP today announced that the Diamond
