Did You Know?

2017 ADS International Convention & Tradeshow

Join ADS for the 2017 International Convention & Tradeshow August 8-11 at the Wynn Las Vegas. Network, learn & see what is happening in the diesel industry. This is the only show dedicated solely to the diesel industry.

[Preliminary Schedule](#)
[Registration](#)
[Hotel](#)
[More Information](#)

IMPORTANT NOTE:
Various telemarketing firms with names like Corporate Booking Services Company (CBS International), Global Housing Services Corporation, National Travel Associates and others have contacted ADS attendees in the past to solicit hotel reservations for the ADS International Convention & Tradeshow. None of these companies are affiliated with ADS or the Wynn Las Vegas. They are not authorized to book rooms in the name of ADS. There is great risk in booking hotel rooms at the Wynn or other hotels outside of the ADS website link. At some recent shows in Las Vegas, attendees were contacted, made reservations and put deposits down through a similar agency. The agency went out of business prior to the show and all people with reservations made through the third party lost their deposits. In addition, they had no room reservations for that show. The only secure method of reserving ADS rooms at the negotiated rate is through the ADS link.

Parker Hannifin Completes CLARCOR

Acquisition

Parker Hannifin Corp., a global leader in motion and control technologies, has completed its acquisition of CLARCOR Inc., a major manufacturer of filtration products, for approximately \$4.3 billion in cash, including the assumption of net debt. The strategic transaction creates a combined organization with a comprehensive portfolio of filtration products and technologies, offering customers a single streamlined source for all their purification and separation needs. Under the definitive agreement signed on Dec. 1, 2016, Parker purchased all outstanding CLARCOR shares for \$83 per share in cash. The transaction is expected to be accretive to Parker's cash flow, earnings per share and earnings before tax, interest, depreciation and

2017 Latin American Meeting

May 14-18

Hotel Now Sapphire
Riviera Cancun

As requested, we are returning to the Riviera Cancun!

At this event, recognized speakers in the diesel industry will provide an extensive view of the technological advances within our industry. We will hold the Exhibit Hall of Parts that gathers manufacturers and sellers of the diesel injection systems from several countries. Your participation is very important to us and we want to provide an experience for you to make your companies more profitable and competitive in today's market place!

Diesel Master Course

April 24-28

Las Vegas, NV

Register by March 17th and receive two seats for the price of one!

This course is designed to instruct the technician description and operation of the diesel engines found on Ford, GM and Dodge trucks. The diesel engines which are covered are the Dodge Cummins 5.9L CR and the 6.7L. The GM Duramax 6.6L, Ford Powerstroke 6.0L and the 6.4L. Emphasis will be placed on the use of service information, the scan tool, programming procedures. The use of SCR (Select Catalyst Reduction on newer trucks brings need to discuss and instruct on operation and repair. Emphasis will be placed on the technician to follow a diagnostic strategy.

Course Objective: Given the training, service information and tools, the technician will repair and diagnose Powerstroke, Duramax and Dodge Cummins diesel drivability complaints. Information provided will aid the technician the ability to follow a diagnostic strategy.

Length of course: Five days

amortization, after adjusting for one-time costs.

CLARCOR joins Parker's Filtration Group and provides Parker with additional proprietary media, industrial and process filtration products and technologies, as well as a broad portfolio of replacement filters. It also adds more than a dozen CLARCOR brands, including CLARCOR, Baldwin, Fuel Manager, PECOFacet, Airguard, Altair, BHA, Clearcurrent, Clark Filter, Hastings, United Air Specialists, Keddeg and Purolator. In addition, Parker possesses strong relationships with OEMs and customers in international markets while CLARCOR contributes a solid U.S. presence, especially for recurring sales in the aftermarket."

[Done deal: Navistar, Volkswagen seal partnership](#)

"Nearly six months since Navistar announced its pending partnership with Volkswagen (VW) Truck & Bus, the deal closed Tuesday, making official VW's equity investment in Navistar and the framework agreement for a procurement joint venture and strategic technology and supply collaboration."

[GM says green-car buyers should consider its diesels: here's why](#)

"Diesel engines will continue to appear in pickup trucks, European luxury SUVs, and at least a few mass-market crossover utility vehicles.

Two of those are the Chevrolet Equinox and Mazda CX-5 crossovers that will launch for the 2018 model year.

But the future of diesel in U.S. passenger cars remains far more up in the air, due to a confluence of events."

ADS International Convention & Tradeshow

August 8-11, 2017

Las Vegas, NV

[Register](#)

These are the diesel engine names that resonate with customers shopping for heavy-duty pickups from General Motors, Ford and Fiat Chrysler (Ram), respectively, for towing goods that invariably are several times more valuable than the vehicles themselves. We're talking luxurious travel trailers, thoroughbred horses, racecars and speed boats.

Which stump-pulling turbodiesel is the best? The most trouble-free? The smoothest long-haul cruiser? The quietest? The most capable at towing? Ask these questions in a room full of heavy-duty truck owners and the matter might have to be settled outside."

ADS would like to thank the following full year ++ advertisers.
