ADS Parts Forum Reminder

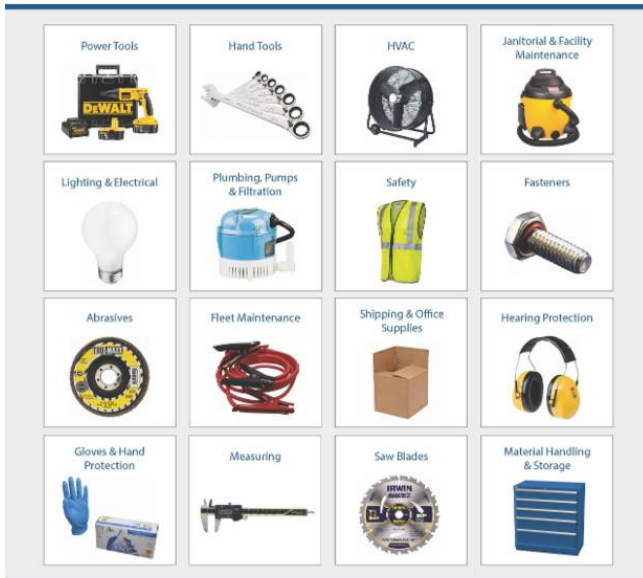

Please note: The ADS Online Parts Forum is intended to help your company save valuable time in searching for hard to find parts and increase customer satisfaction by getting their vehicle or fuel system back to them in a shorter amount of time. This forum, like the one used for service issues, is for members only and members are able to post messages to this forum for parts they are looking for. These parts are not to be ones available through Central Distributors in a timely fashion. **THESE POSTS ARE FOR BACKORDERED OR HARD TO FIND PARTS ONLY! In addition, the Forum is NOT to be used for selling of parts.**

IMPORTANT NOTE:

Various telemarketing firms with names like Corporate Booking Services Company (CBS International), Global Housing Services Corporation, National Travel Associates and others have contacted ADS attendees in the past to solicit hotel reservations for the ADS International Convention & Tradeshow.

None of these companies are affiliated with ADS or the Wynn Las Vegas. They are not authorized to book rooms in the name of ADS. There is great risk in booking hotel rooms at the Wynn or other hotels outside of the ADS website link. At some recent shows in Las Vegas, attendees were contacted, made reservations and put deposits down through a similar agency. The agency went out of business prior to the show and all people with reservations made through the third party lost their deposits. In addition, they had no room reservations for that show. The only secure method of reserving ADS rooms at the negotiated rate is through the ADS link.

[Diesel cars can improve air quality, claims motor industry group](#)

"Car manufacturers have hit back at the recent spate of negative comments about diesel vehicles, saying that the latest incarnations are "the cleanest in history" and "light years away from their older counterparts".

The Society of Motor Manufacturers and Traders (SMMT) said diesel cars could play an important role in helping improve air quality in towns and cities and in tackling climate change."

[Clean diesel technology most cost-effective way to reduce emissions, officials told](#)

"The state environmental policymakers attending the Spring Meeting of the US Environmental Council of States (ECOS) have heard how states can achieve the most cost-effective and immediate air emission reductions by targeting the largest sources of oxides of nitrogen (NOx) emissions and replacing or upgrading those with the newest generation of clean diesel technology."

"Owners Only Meeting"

This year's ADS International Convention and Tradeshow will offer a wide variety of new seminars, in fact the most ever. A new addition to the Schedule will be an "Owners Only Meeting", presented by the Business Management Committee. Owners Brainstorming with Owners, a meeting where you, the owner of a service dealer shop, can discuss whatever you want with Owners like yourself. NO TOPIC is off limits. As owners, it is you steering your company into the future, with the ever-changing industry and its demands. Be part of the solution and plan to attend. Owners only, Wednesday, 4:30 - 5:30 p.m. Please RSVP to [Warren Stewart](#) to get your "Admit One" ticket. Refreshments will be served.

ADS would like to thank the following full year ++ advertisers.
