

ASSOCIATION OF DIESEL SPECIALISTS

APPLICATION FOR MEMBERSHIP

MEMBERSHIP CATEGORY/TYPE

Please read the following descriptions carefully. Check the one that applies most closely. ADS reserves the right to redirect applications to proper categories.

- Allied Equipment Manufacturer & Service Provider: Annual dues: \$875. Qualifications:** Any manufacturer or distributor not qualifying for membership under Service, Diesel Engine Service, Manufacturer, Replacement Parts Manufacturer or Distributor, whose primary business is the manufacturing or distribution of equipment, products or services normally used or sold by Service Members in the operation of their businesses such as, but not limited to, test and calibration equipment, computers, office equipment, cleaning equipment, and special tools. **[Does not have voting rights] [Complete Section C.]**
- Diesel Engine Service - International: Annual Dues: \$300. Qualifications:** Any firm or corporation located outside of the United States, Mexico or Canada who is primarily engaged in the service of diesel-powered vehicles, engines or equipment, and meets the minimum requirements of the standard A.D.S. Rating Questionnaire with respect to premises, personnel, industry affiliation, and equipment used to service diesel engines. **[Does not have voting rights] [Complete Section A.]****
- Diesel Engine Service – North America (Canada, Mexico and U.S.): Annual Dues: \$655. Qualifications:** Any firm or corporation located in the United States, Mexico or Canada who is primarily engaged in the service of diesel-powered vehicles, engines or equipment, and meets the minimum requirements of the standard A.D.S. Rating Questionnaire with respect to premises, personnel, industry affiliation, and equipment used to service diesel engines. **[Does not have voting rights] [Complete Section A.]****
- Diesel Engine & Vehicle Manufacturer: Annual Dues: \$875. Qualifications:** Any manufacturer not qualifying for Manufacturer Membership engaged in the manufacturing of: Diesel Engines which utilize a fuel injection system manufactured by another. Diesel-powered vehicles or other machinery and equipment of which a diesel engine is an integral part. **[Complete Section D.] ++**
- Drive-In Branch: Annual Dues: \$325. Qualifications:** Any Service Member or Diesel Engine Service Member may apply for separate membership with respect to each branch, subsidiary or other organization providing drive-in service that is affiliated with the Member through ownership or control. **[Does not have voting rights] [Complete Section A.]****
- Manufacturer: Annual Dues: \$1430. Qualifications:** Any original manufacturer of fuel injection equipment, governors, superchargers or turbochargers which are installed as original equipment on current production engines may become eligible for membership, providing such units require technical field service and the manufacturer has an existing, extensive service organization of business establishments having the qualifications of Service Members. Any manufacturer of complete diesel engines who also manufactures its own complete, proprietary fuel systems may also become eligible for membership. The manufacturer must show that the majority of their business is OE business in order to qualify in this category. **[Complete Section B.] ++**
- Replacement Parts Manufacturer: Annual Dues: \$1430. Qualifications:** Any firm or corporation not qualifying for membership under Service, Diesel Engine Service or Manufacturer, significantly engaged in the manufacturing of replacement diesel fuel injection, governor, supercharger or turbocharger parts and/or components for sale to Service Members and not be domiciled in a Priority Foreign Country or any country listed on the Priority Watch list as outlined in resolutions adopted by the Board of Directors. **[Complete Section C.] ++**
- Replacement Parts Distributor: Annual Dues: \$1430. Qualifications:** Any firm or corporation not qualifying for membership under Service, Diesel Engine Service, Manufacturer, or Replacement Parts Manufacturer, primarily engaged in the distribution of replacement diesel fuel injection, governor, supercharger or turbocharger parts and/or components for sale to Service Members and not be domiciled in a Priority Foreign Country or any country listed on the Priority Watch list as outlined in resolutions adopted by the Board of Directors. **[Complete Section C.]**
- Service – International/Central & South America: Annual Dues: \$300. Qualifications:** Any firm or corporation who: Is primarily engaged in the sale and service or distribution of fuel injection equipment, governors, superchargers or turbochargers; and is not primarily engaged in the sale of diesel engines and/or diesel-equipped end products, such as trucks, buses, tractors, power units, stationary equipment; and currently holds a contract for the servicing or distribution of the products of at least one (1) Manufacturer Member of fuel injection equipment, governors, superchargers or turbochargers used as original equipment on current production engines; and meets the minimum requirements of the Standard A.D.S. Rating Questionnaire that may be established by the Board of Directors from time to time with respect to premises, personnel and equipment used to service fuel injection equipment, governors, superchargers and turbochargers. **[Complete Section A.]****

ASSOCIATION OF DIESEL SPECIALISTS

APPLICATION FOR MEMBERSHIP

Service – North America (Canada, Mexico and U.S.): Annual Dues: \$655. Qualifications: Any firm or corporation who: Is primarily engaged in the sale and service or distribution of fuel injection equipment, governors, superchargers or turbochargers; and is not primarily engaged in the sale of diesel engines and/or diesel-equipped end products, such as trucks, buses, tractors, power units, stationary equipment; and currently holds a contract for the servicing or distribution of the products of at least one (1) Manufacturer Member of fuel injection equipment, governors, superchargers or turbochargers used as original equipment on current production engines; and meets the minimum requirements of the Standard A.D.S. Rating Questionnaire that may be established by the Board of Directors from time to time with respect to premises, personnel and equipment used to service fuel injection equipment, governors, superchargers and turbochargers. **[Complete Section A.]****

Service Additional Branch: Annual Dues: \$325. Qualifications: See the specific service type above. ADS requires that all service member's branch locations be members.

Technical Training: Annual Dues: (Complimentary Until Further Notice) Qualifications: Any post educational institution offering one or more courses in diesel-related technology or otherwise having an interest in the diesel fuel injection industry or technology. **[Does not have voting rights]**

Associate Member: Annual Dues: \$325 Qualifications: Those individuals not otherwise qualifying for membership, and whose employers do not qualify for membership, but having special interest in the nature and scope of the Association, such as consulting engineers, military personnel, educators, and publishers, whose knowledge of the diesel industry can contribute materially to the purposes of the Association. **[Does not have voting rights] [Complete Company Information Only]**

++ Required Certification. Commencing January 1, 2018, each Manufacturer Member, Diesel Engine and Vehicle Manufacturer Member and Replacement Parts Manufacturer Member must be certified under ISO 9001 and/or ISO/TS 16949 (or any replacement or successor certification) and no firm or corporation who would otherwise qualify as Manufacturer Member, Diesel Engine and Vehicle Manufacturer Member or Replacement Parts Manufacturer Member may join the Association as such (or as an Allied Equipment Manufacturer and Distributor Member) unless such potential member is certified under ISO 9001 and/or ISO/TS 16949 (or any replacement or successor certification). In addition, no firm or corporation controlling, controlled by or under common control with, or operating under same trade name as, a manufacturer of replacement diesel fuel injection, governor, supercharger or turbocharger parts and/or components will be eligible to be Replacement Parts Distributor Member if such manufacturer is not certified under ISO 9001 and/or ISO/TS 16949 (or any replacement or successor certification).

****Please submit four photos with your application, including one showing the front of your business and one showing the inside of your business where service operations occurs (if applicable).**

- Available Hours: _____

24-Hour Emergency Services

- Not available
- Available Contact Number: _____

3. AUTHORIZED SERVICES:

We are franchised by the following ADS Member Manufacturers of fuel injection equipment, governors, supercharges and/or turbochargers:

- BorgWarner Turbo Systems
- Cummins, Inc.
- Cummins Turbochargers Technologies
- Delphi Automotive Systems DO Brasil Ltda.
- Delphi Diesel Aftermarket
- DENSO
- DISA Spa
- Honeywell Turbo Technologies
- Robert Bosch LLC
- Robert Bosch, Inc.
- Stanadyne Corporation

ASSOCIATION OF DIESEL SPECIALISTS

APPLICATION FOR MEMBERSHIP

SECTION B: Manufacturer Membership Applicants

1. List products manufactured that lend themselves to service by ADS Service Members: _____

2. List the current production engines/complete diesel engines on which your products are installed as original equipment: _____

3. Do you hold any ISO certifications? If so, which ones? _____

SECTION C: Allied Equipment and Replacement Parts Membership Applicants

1. Type of product(s) manufactured: _____

2. Type of product(s) distributed: _____

3. Trade name of products if different from firm name on application: _____

4. Do you hold any ISO certifications? If so, which ones? _____

SECTION D: Diesel Engine and Vehicle Manufacture Membership Applicants

1. Horsepower range of diesel engines manufacturer: _____

2. Trade name of engines manufactured if different from firm name of application: _____

3. Type of diesel-powered vehicles or equipment manufactured: _____

4. Make of engines employed in answer to questions above: _____

5. Do you hold any ISO certifications? If so, which ones? _____

MEMBERSHIP REGULATIONS

SKIP if you are a Service, Diesel Engine Service or Technical Training Membership Applicant.

Manufacturer, Allied Equipment, Associate, Diesel Engine & Vehicle Manufacture, Manufacturer and Replacement Parts Membership Applicants sign and date the following membership regulations.

If elected to membership and membership in the Association (ADS) is thereafter terminated for any reason, the undersigned hereby agrees to discontinue all use of the Association's name, emblem and any other references which would in any way imply or intimate that in conduct of business the undersigned has any connection whatsoever with the Association.

The dues of membership shall be paid in U.S. dollars per annum. Membership dues are due upon notification of acceptance of membership and will be prorated on a monthly basis to December 31 of the end of the fiscal year of acceptance. Thereafter, membership dues are due on January 1 of each year.

Please submit any additional information about your company that can be helpful to the ADS Board of Directors and ADS Membership Committee in evaluating this application.

NOTE: Manufacturer membership dues may be deductible to members for federal income tax purposes as ordinary and necessary business expense. Membership dues are not deductible as charitable contributions.

I, _____ (print name) acknowledge and agree to the above membership regulations on the _____ day of _____, 20____. Signature _____

The Association of Diesel Specialists is the worldwide diesel industry's leading trade association, dedicated to the highest level of service on diesel fuel injection and related systems. ADS has corporate and individual members in the U.S., Canada, Mexico and many other countries across the globe.

The mission of the Association, as stated in the strategic plan adopted by the ADS Board of Directors in 1991, is "to provide programs and services to its members which will assist them in achieving success in the operation of their businesses in the diesel industry throughout the world."
